Wholesale Cigarette License Information

A cigarette dealer's license does not authorize the licensee to engage in the business of trafficking in cigarettes at any place of business in this state other than that specified thereon by the County Auditor.

In the event that a business is moved from one location to another, or the business is sold, or an individual or partnership incorporates his or their business, or a partnership or corporation is dissolved, the cigarette license that has been issued to a dealer prior to the occurrence of any such event may not be used, and a new license must be obtained.

A cigarette dealer's license may be assigned to a person other than that to whom it has been issued, or for a place of business in the same county other than that for which it has been issued, by filing an application with the County Auditor of the county in which it has been issued and payment of a one dollar fee to the Fiscal Officer.

Important Notice: Ohio recently passed legislation that prohibits the sale of cigarettes in Ohio that have not been approved by the Attorney General's office. A list of brands legal for sale in Ohio can be found on the following Web site:

This list is periodically updated. It is illegal to possess, for sale in Ohio, any brand not listed on this site.
