Clerk of Courts to close Alum Creek Title office, shorten hours at Hilltop office

FOR IMMEDIATE RELEASE

The Franklin County Clerk of Courts Maryellen O’Shaughnessy has announced the closing of vehicle title services located at 1583 Alum Creek Drive. This decision was necessitated by the Ohio Bureau of Motor Vehicles’ (BMV) decision to move registrar services from this location. Saturday was the last day for titling and registrar services at Alum Creek Drive.

“The great thing about the Alum Creek Service Center location was that the Clerk’s Auto Title and the state’s licensing services were under one roof,” said Clerk of Courts Maryellen O’Shaughnessy. “I’m sorry we had to close our Alum Creek Drive office, but without the BMV with us there, it didn’t make good business sense for us to stay there when we still have titling services at the Wyandotte Center on East Main Street and at the Great Southern Shopping Center on South High Street.”

In addition, O’Shaughnessy announced her title office will not be open for business on Mondays at the Shipley Service Center location beginning March 2nd. The Charles D. Shipley Building is located at 1970 West Broad Street, and serves as the main location for the BMV. The closing of title services on Mondays mirrors the BMV’s decision to no longer offer registrar services on this day of the week. The Shipley Service Center location is the only one affected by the Monday closing. The title offices at the Wyandotte Center, the Great Southern Shopping Center and the Patio Shops on Morse Road will remain open on Mondays.

Listed below are the locations and hours of operation for all of the Clerk of Courts’ Title branches.
