5. Report the total number of victims and accompanying family members who received emergency shelter or transitional housing, and the total number of bed days provided. Determine bed days by multiplying the total number of nights each victim and family member stays in a shelter by the number of victims and family members served:

Example: 10 victims stayed 5 days each. Each victim had 3 family members who stayed 5 days each.

$$(10 \times 5) + (10 \times 3 \times 5) = 200$$

Shelter Service Type	Number of Victims	Number of Family Members	Number of Bed Days
