

ONSITE BIOMETRIC SCREENING SCHEDULE

Take charge of your health with our upcoming Onsite Biometric Screenings running from April through October!

What is a biometric screening? A biometric screening measures basic physical characteristics like height, weight, blood pressure, blood sugar/a1c, and cholesterol levels, providing a current snapshot of your overall health. It also identifies potential health conditions such as diabetes, heart disease, or hypertension that could develop in the future.

HINT: You can complete your biometric screening for \$200 and earn credit toward your reduced deductible by combining it with your annual physical with a PCP at the same time!

To schedule an onsite appointment:

1. Log in to fccThriveOn.com.
2. Scroll down to the 'Take Action' section and click on the card that says 'Onsite Biometric Screenings' (This will open a portal page that is specifically yours and cannot be used to fill out forms or schedule appointments for anyone other than you).
3. Click the 'Biometric Screening Consent' tab on the left and follow the prompts before scheduling your appointment.

How to Schedule an Onsite Appointment

You have three options for completing a biometric screening:

1. **At Work:** Schedule your screening conveniently through your ThriveOn portal at fccThriveOn.com.
2. **At Your Physician's Office:** You will need to download and print an Authorization form and Biometric Screening form to take with you to your appointment. [CLICK HERE](#) to download all required forms. Completed forms must be submitted by 12/31/25 to earn this incentive.
3. **At Any OhioHealth WorkHealth Location:** Schedule an appointment at any OhioHealth WorkHealth location. Visit OhioHealth.com/WorkHealth to find a location near you. You will need to download and print an Authorization form and Biometric Screening form to take with you to your appointment. The clinician will submit the results for you.
